Full Job Description

Position: Software Engineer

We're seeking a developer to be a primary contributor in the development of a new product in medical diagnostic testing. You will be a core member in a small collaborative team, working in a lean startup environment with no BS or

pointy haired bosses. You will be involved in all aspects of development over the complete product life cycle. You will have the opportunity to learn and use a diverse range of technologies.

Sample activities:

- * Web server programming in Scala
- * AWS server configuration and maintenance
- * Browser client programming in Scala.js
- * Desktop application programming in C++
- * Data analysis programming in Scala

Requirements:

- * Professional and collaborative attitude
- * Motivation to make great software
- * Dedication to quality, and pride in the work you produce
- * The ability to work and finish a project independently
- * Knowledge, understanding, and respect for good software practices and development methodologies
- * Minimum 4 years of programming experience (in any setting, professional or otherwise)
- * Fluency with Scala or C++ strongly preferred

Things we use:

C++, Scala, Python, C++/CX, AWS, Apache, Mysql, Play framework, Visual Studio, IntelliJ, Windows, iOS, Android, OpenAPI, Confluence, Jira, Trello, Mercurial, Git

Job Type: Full-time

Pay: \$100,000.00 - \$140,000.00 per year

Benefits:

- Health insurance
- Paid time off
- Retirement plan

Schedule:

- 8 hour shift

Supplemental Pay:

- Bonus pay

Application Question(s):

- Do you have permanent work authorization in the United States (not F-1 Opt)?

Education:

- Bachelor's (Required)

Experience:

- Programming: 4 years (Preferred)

Work Location:

- Fully Remote

Relocation Assistance Provided:

- No

This Job Is Ideal for Someone Who Is:

- Dependable -- more reliable than spontaneous
- Detail-oriented -- would rather focus on the details of work than the bigger picture
- Innovative -- prefers working in unconventional ways or on tasks that require creativity

Company's website:

- www.neurobs.com

Benefit Conditions:

- Waiting period may apply
- Only full-time employees eligible

Work Remotely:

- Temporarily due to COVID-19

COVID-19 Precaution(s):

- Remote interview process
- Virtual meetings

17 days ago

If you require alternative methods of application or screening, you must approach the employer directly to request this as Indeed is not responsible for the employer's application process.
